MR. RUSSELL FAVORS A FARMER'S CANDIDATE

Editor Claresholm Review - Regarding the bringing out of a farmers candidate at the next Provincial election, I noticed in your paper the other day that you thought the effect that the most active advocates of the move were actuated by personal ambition rather than otherwise, and the inference seems to be that there is a certain amount of opposition to the move on this account among the farmers around Clareholm.

Now as I am the one evidently responsible for it, I feel that I can remove such ideas from the public mind. I will acknowledge that I have been asked a number of times about coming out and taking a chance with others of getting the nomination as a farmer candidate, but I defy any man to say I ever agreed to do so. On the other hand I have not been asked to do so, nor have I ever agreed to do so, nor have I got any personal ambition for political honour either in this or any other connection, nor do I know of any one who is so aspiring. Now boys, this is where I stand - I conscientiously believe a change is necessary in the present political situation throughout Canada. I am honest when I say that I believe and have for some time believed that a change has arrived when it behoves the farmers to take upon themselves the care of looking after their own public affairs instead of entrusting it to those who are not interested in farming nor the farmers success and who have failed ignominiously to representatives of the people especially as it applies to the riding of Clareholm.

The result of this belief is that it is seen in the fact that the farmers who comprise approximately one half the population and who have almost entirely dispensed with others to frame laws to govern his business, have, through the lack of proper legislation in their behalf, become modern slaves, who are compelled daily and hourly, too, to give up a large amount of their earnings in various ways for which no benefit or gain, is received in return. Still the farmer has been schooled to believe that his estate is the very best on earth, although he may have to till for eighteen hours a day, endure heat and cold, be content with a few luxuries, stay at home and be content with a meagre amount of enjoyment while his family must be content with an education that qualifies them for nothing but toil. And that he should be thankful to the powers that be (in particular his estate) is what it is and should certainly pray for a continuation of such a blessing. And I further believe that the proper opposition to this matter would be body of farmer M. Ps. who would stand together for legislation that would advantageously for the farmer. Such a body would not be hampered by party restraints and would certainly act as a balance of power and would command the assistance of both parties and would likewise be free to have either party to recommend such measures as gained their approval. This would give the opposition a chance to get through any commendable motions. Everybody knows that it is fashionable in our legislative halls, for each party to oppose measures brought up by the other thus rendering the opposition of little value. This is only a glimpse at the benefits of such a body in our parliament.

Some favor pledging the candidate and leaving everybody free to stay by his dear old party. I cannot see a solution of the question in this way. In the first place it still keeps the people in the political line, while the farmers are progressing to pull together. This means that indirectly at least they are divided on political questions. This state of affairs would make it very difficult to decide when a M. P. had broken his pledge as it would result in a practical party decision. The best way to get a man elected is to keep him out of it altogether. A pledged candidate would be between two fires, as it were, he would be restricted to some extent at least by his party, or he would cease to be a party man. On the other

hand he would be under obligation to the farmer to stand for certain legislation that perhaps his party opposed and his troubles would not be weighty. When again in a moment of the government's popularity to break his pledge in order to stand by his party, he would have all the influence of the government at his back and the very best we could do would be to wait four years or at least till next election and in the meantime undesirable measures may have been passed and visa versa. A body of farmers interested in farm legislation and responsible only to the farmers and those who stand with the farmers, would be in much better position to control the situation than any number of pledged party candidates. Of course I do not overlook the advisability of pledging even the

farmers to the farcical to be the best solution to the question I have, perhaps, taken a somewhat leading part in finding out the pleasure of the electors of this riding on the matter. What has been advocated is - That the farmers throughout this electoral district select from their number a number of suitable men, who are willing to serve and be called in due time, and that the farmers pledge their support to the man who is the choice of the convention." In this way I believe we will get the best man in the riding and that is the man we are after. This plan gives equal rights to all parts of the riding and favors none. Such a convention would get the support of the electors and would assist him in any and every honorable way I can and it matters not from what part of the riding he may come.

"There is to be a meeting at Clareholm in the near future in connection with this matter, notice of which will be given later, so no brother farmers will be left out of the move, and we hope you are not in it. It is the majority that rules. We seek nothing of animosity to anyone, or class. What we believe in is that all should work together for the common good of all, then the good all around would be much greater than at present, and the evils that are now so conspicuous would gradually fade away.

André Russell,
Rocky Coulee, Alta.

Claresholm District the Best

Mr. L. W. Smith has returned from a month's visit to Washington state, most of the time being spent in the Palouse district. Mr. Smith made a careful investigation of the district and says that he wouldn't give one acre of his Claresholm farm for three of the Washington lands. The Palouse is all hills and farming is done more difficultly, all the wheat is put in back in the hills and does not realize the advantages of the method employed here of taking it to the elevators in a grain wagon. The cost of the bags would almost pay for the granary in one year. The farmers here think wheat is low in price this year but it is ten to fifteen cents lower in Washington. Taken a fair sample of wheat in each district. Mr. Smith thinks that the advantages are decidedly in favor of the Claresholm district. After a trip over a long area of country he is quite content with Claresholm district. It is hard best. He was accompanied home by his daughter and son-in-law Mr. and Mrs. Oliver Mooseley.

The annual general meeting of the Parishioners of St. John's church was held in the Parish hall on Jan 9th. The accounts were presented showing that a total of \$2400 had been received during the past year, and that there was a balance of \$1000 in the bank of the trust fund. The rector nominated Mr. T. E. Price as rector's warden and Mr. W. K. Kingsley was elected people's warden. The vestry nominated Mr. G. Farmer, Mr. T. Kingsley, Mr. W. E. Lindsey, Mr. R. E. Tucker, Mr. C. C. Smith, Mr. J. C. Smith, Mr. G. Wilson, Mr. W. A. Cowell and Mr. Wilson were elected Lay delegates to the Diocesan Synod.

THE U. F. A. CONVENTION

DECISIVE ACTION TAKEN ON IMPORTANT QUESTIONS

Farmers Will Not in Future Favor Supporting Candidates for Political Positions Unless They Approve of Principles of U. F. A.—Secretary Will Devote All His Time to Work of United Farmers.

Calgary.—The annual convention of the United Farmers of Alberta came to an end with the delegates deciding on every question that had been brought before them in the interest of the party.

The convention unanimously and enthusiastically endorsed the resolution to support the Canadian culture, as passed at a recent meeting of that body. The endorsement was embodied in the following resolution:

"That this convention heartily endorses the resolution adopted by the Canadian Council of Agriculture and presented to the Dominion government on Dec. 16, 1910, that the delegates here assembled further reaffirm all the principles laid down at that convention."

Warm discussion was aroused by a resolution which was introduced by the farmers supporting only those candidates for the provincial and Dominion legislatures who would support the initiative and recall, and who place in the hands of the people the initiative, of which they are members, if so demanded by 25 per cent. of the voters.

E. J. Frean, secretary of the association, objected strongly to the spirit of the resolution, and moved that it be referred to a committee to draft an "initiative, referendum and recall" bill. It was voted that the committee add to the clause a statement that the bill is to be presented to the legislature only if 25 per cent. of the voters, if so demanded by the association, are in its favor.

Mr. Warner supported Mr. Frean and moved that the bill be referred to a committee to draft an "initiative, referendum and recall" bill.

It was voted that the bill be referred to the committee, and that the various constituents an unanimous, signed, resignation, that is to be presented to the association, of which they are members, if so demanded by 25 per cent. of the voters.

Mr. E. J. Frean, secretary of the association, objected strongly to the spirit of the resolution, and moved that it be referred to a committee to draft an "initiative, referendum and recall" bill.

It was voted that the bill be referred to the committee, and that the various constituents an unanimous, signed, resignation, that is to be presented to the association, of which they are members, if so demanded by 25 per cent. of the voters.

The motion for the resolution, Mr. Alexander of Mount Royal, moved, was carried, and it was voted that it be referred to a committee to draft an "initiative, referendum and recall" bill.

It was voted that the bill be referred to the committee, and that the various constituents an unanimous, signed, resignation, that is to be presented to the association, of which they are members, if so demanded by 25 per cent. of the voters.

An important matter taken up during the meeting was the resolution to agree to endeavor to join the different farmer confederations of the provinces in forming a national one great association. This was done, and the plan to have voluntary associations of farmers, ranging from twenty-five to one hundred dollars as a contribution to be sent to the central body, the sub-sections of the Canadian Grain Growers' Guide of Winnipeg, with a good fund raised from this source, it was decided that the national organization can be accomplished. The delegates favored such a scheme and voted for it.

At the meeting of the board of directors it was decided to make the head office of the association in Calgary. Accordingly E. J. Frean, the secretary, will move his office from Edmonton here as soon as possible. The secretary was given a share of the office, and it is to be divided with all his time to the work of the U. F. A.

The U. F. A. will act on the various committees for the coming year as follows:

Executive—President, James Bowes; Vice-President, W. J. Tregillus; Secretary, E. J. Frean; Treasurer, J. W. Penfold; H. D. Warner, of Edmonton; and J. Quinsey, of Noble.

Local Committees—President, J. Bowes, Vice-President W. J. Tregillus and Secretary E. J. Frean.

Transport Committee—President, J. Bowes; Speaker, D. W. Weller, and G. W. Buchanan, of Cowley.

Eleator—President, G. W. Buchanan; Vice-President, J. R. Pointer, of Strome, and P. S. Austin, of Banff.

Post and Telegraph Committee—President, J. Bowes; E. J. Frean, and G. W. Buchanan, of Cowley; and H. D. Warner, of Penhold, with power to add to that committee.

Committee to secure information regarding co-operative committees—President, J. Bowes; Vice-President, W. J. Tregillus and E. J. Frean.

Committee on seed grain advance to farmers—The members of the legislature, Mr. Alexander, Mr. Quinsey, Mr. Ostrander and Pointer.

HOW TO JOIN NAVY

They Will Receive Two Dollars a Head for All The Men

Ottawa.—In the recent recruits, Mr. Hon. M. Landry was told that the naval department has the right to demand the services of the men for the purpose of informing persons who desire to enter the service that they can do so. Postmaster of several of the largest cities will be recruited, and each man will be told to go for each man they enlist for the navy. It is expected that most of the applicants will be from Victoria, Halifax or Esquimalt, and therefore the amount of payments to postmen will be small.

Egg Farmers Urge for Food
—A conference of framers from Hawksw, China, which totals \$100,000 has been ordered out of the province by the board of control, the city chemists treated them until food use as food.

THE AGRICULTURAL SCHOOL

Some Interesting Facts About The Meeting—There

The definite dates are now set for the big agricultural school to be held at Lethbridge, Alberta, February 6 to 11. The Agricultural Society and the United Farmers of Alberta are the two main forces behind the project and this means a big success.

School starts Monday morning, Feb. 6, at 9 o'clock.

2. Comfortable quarters will be arranged for all meetings.

3. Two cars of the best stock will be on hand for stock judging.

4. Among the horses will be found the best from Clydes, Shires, Belgians and Suffolk breeds.

5. Two cars of the best stock will be on hand for stock judging.

6. Among the cattle will be found the best from Shorthorn, Aberdeen Angus and Hereford.

7. W. L. Clegg, one of the best stock judges on the continent and one who has judged at the great Canadian and American fairs, will be present to instruct in judging.

8. Prof. Atkinson of Montreal, will be present to instruct in stock judging.

9. Prof. Atkinson of Montreal, will be present to instruct in stock judging.

10. Mr. Stevens, the provincial dairyman, will be present to instruct in stock judging.

11. Mr. Parker, provincial dairyman, will be present to instruct in stock judging.

T. W. QUAYLE, Editor

EDITORIAL COMMENT

This "seasonably" wether should spell an abundant harvest.

The Fall wheat never looked better and there isn't a farmer hereabouts who doesn't feel optimistic as to the outcome for the year.

Clareholm district has reached the record of a million bushels of wheat shipped from this point and it will be reached again. The territory lost too new towns is being more than made up in increased acreage.

The cities are competing for the production of thousands for publicity. In the meantime don't forget that it is fertile areas like the Clareholm district which make the cities.

Farm values in the Clareholm district are steady. The investment is a sure money maker and there should be no hesitancy in boosting the district.

The testimony of Mr. Smith in another column is a good boost for the Clareholm district. Mr. Smith is both intelligent and independent and his opinion is worth something. Boost for the Clareholm district.

Business men should realize that the payment for publicity now will bring big returns later on. Keeping it at incannately is the secret of business success.

It is time to think about and plan for seed. The future of the district is largely dependent on the quality of seed sown. Sow grain now.

There is no exodus from the Clareholm district. The farmers hear the stories from Montana, North Dakota and elsewhere and are abundantly satisfied.

The U. F. A. is doing a good work for the farmers and has scope for a much greater work. The worst friends of the movement are those who want to make it a separate political organization. It would take thousands of dollars which the farmers are not prepared to give. The best friends of the U. F. A. are those who advocate making the old party partners up and down the line. Pledging regular line candidates and walk off if they don't keep their pledges. More will be gained that way than embarking on a futile separate party organization.

Clareholm 11--Nanton 0

The hockey match between Clareholm and Nanton Tuesday afternoon was rather interesting even though it was one-sided. It was interesting in showing that the home team had been greatly strengthened and that there was a marked improvement in the playing. The boys showed excellent progress and hardwork was combined with stick work and splendid skating. The team took up in the stand of the Tuesday High River and any old bunch can come along. The visitors were not hockey players but they took the licking in good spirit and played gamely to the finish. They have no risk at Nanton and are not as well trained as a consequence. The Review doesn't wish to discredit the home team, however, as the home team has only fair play, says that Galbraith, Pullar, Marshall and Bow man did the stellar work. The others upheld their end of the game but these men at times were spectacular. Galbraith is a coker and Pullar and Bowman were always around when opportunity for scoring presented itself. C. Marshall on skates for the first time in a winter season have lost none of his old time swiftness. The puck was in Nanton territory seven-eights of the time and Adolphe Amundsen had a lonesome time of it in goal. He took a spin down the ice once or twice to keep the blood circulating. In the first twenty minutes Clareholm scored two goals and Galbraith got two, Pullar two, and Galbraith's three of them, Nanton failed to score.

In the second I saw there was no score. Perry the best player Nanton had took up a position in goal with

Hardwick and between them succeeded in blocking the hot shots raised in from Clareholm sticks.

In this half Pullar was off with frost bitten feet and was replaced by H. W. Brownlee. In the third twenty minutes Amundsen was in again short at goal. Galbraith, Pullar and Bowman had a few minutes, however, the redoubtable Perry was out of the game with an injured knee the puck having struck it with a tremendous force. In this period four more goals were scored making the total eleven-nothing. As a matter of fact there were two other goals but Durd Munro who was referee in the first half was off side and thus lightened the deficit for the visitors. Marshall scored three and Pullar one. The score was:

Nanton—Hardwick, Chisholm, Campbell, Perry, Adair, Coughlan, and Price.
Clareholm—Amundsen, Moffatt, Griffith, Galbraith, Bowler, Marshall, Bowman and Brownlee. spare man. Adair got a nasty crack on the right eye with the puck.

The School Board

The first meeting of the school board for the year was held on Friday last when Mr. C. J. Brown was honored with re-election to the chairmanship. The annual statement was presented as follows:

RECEIPTS

Cash on hand	\$ 6482.89
Proceeds of debentures	7058.70
Taxes collected	9146.70
General grants	1224.00
Post girls' fees	11.55
Amount borrowed by note	6000.00
Received from other sources	102.67

Total Receipts: \$28978.05

EXPENDITURES

Teachers' salaries	\$ 4863.84
Teachers' salaries	100.00
Debenture payment	2978.70
Paid to redeem notes	6026.85
Construction and repairs	12265.84
School furniture	10.00
Apparatus and equipment	50.00
Supplies	39.60
Cartaking	53.00
Fuel	43.84
Insurance	42.00
Other expenditure	149.03

Total expenditures: \$22429.00

Bank balance

The property is insured for \$20,000 and there is an outstanding debenture debt of \$30,000.

Shadowgraph Social

The Shadowgraph social held at the home of Mr. and Mrs. O. J. Amundsen on Friday last proved to be a jolly affair and was well attended despite the cold. Mr. Amundsen with his customary hospitality not only threw open his beautiful home for the occasion but made two trips to town with team and sleigh to convey the people to the scene of merriment and fun. The program was as follows: The boys' team was the first to load and thirty were packed into the first load. The program features of the night. The "Queen of the Shadowgraph" was Miss "Sunny Jim" "Queen Out", "Bradley Muffins", "Rogers 1847 silver" and numerous others including a number of comic shadows. The auditors were provided with programs and there was a guessing contest as to the advertised names represented. Miss Gaudin and Miss Hause were the favorites.

The entertainment took a lot of planning and great credit was reflected on those taking part including Miss M. D. C. Cumming, director, and the Misses Grey, the Misses Soby, Mrs. Ringrose, Mrs. Oland, Miss Harrison and Misses Ebnes, Oland, Devonport, Todd and Armstrong and Masters Morley Tillotson and Albert Quayle.

Absorb United Empire Bank

The latest move in the strengthening of Canada's financial institutions is the decision to merge the United Empire Bank whose headquarters have been in Toronto with the Union Bank of Canada, with head office in Quebec.

The United Empire Bank was established in 1906. It has a paid up capital of about one half a million, and eighteen branches in Ontario.

The Union Bank of Canada, with head office in Quebec.

The Directors of the United Empire Bank will form an Advisory Board for Ontario of the Union Bank similar to the Advisory Board at Winnipeg for the Western Provinces, which has worked out so satisfactorily.

UNION BANK OF CANADA

Capital, Rest and Undivided Profits \$15,645,700.
Total Assets over \$140,000,000.

Money is Power

to help yourself and others. But it's only the money you save—

not the money that slips through your fingers.

You will find a savings account a great help in accumulating this power. Why not start one now, in this bank?

Interest compounded at highest current rates. Money may be withdrawn at any time.

Be Careful In Building That Home

POOR LUMBER means a cold crude house. After the first year it gets cold cheap, shabby look which makes it difficult to rent and difficult to sell. If you are building it to live in, you want it a home that will be proud to have your friends and furthermore, you want it to be a home that will be a credit to your community when your lumber is used. We make a specialty of high-grade lumber and clinker material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and settling just a bit better stuff than you can generally buy elsewhere at prices as low as those for the inferior kinds.

If your contractor uses CROWN LUMBER it means that he is a man who wants the best of every thing. It is the best recommendation the man could have!

CROWN LUMBER CO., LIMITED
2 Yards in Calgary 52 Yards in Alberta

Mr. Business Man
Do You Want To
Make Or Lose Money
This Winter

THERE is no good reason for any "winter dullness" in the stores of this town. That's a strong statement—but it's not nearly as strong as the one to follow.

No store in this town ever suffered from winter dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this town—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS winter, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these winter months.

To really "gain ground" at a time when some stores are lagging and failing back is not only possible—it is an aspiration worthy of an energetic merchant—worthy of a man who has the habit of accomplishing his purpose.

Though perfectly sound and ably

managed, the bank found it difficult to make headway against the natural preference of depositors and business men for its larger and stronger competitors. The Directors decided to cast in their lot with the United Empire Bank.

This will give the Union Bank assets of over \$20,000,000, with more than 220 branches in Canada. As none of the branches of the United Empire Bank, except in Toronto, duplicate those of the Union Bank, they will be continued with particularity their present staffs, as Union Bank branches.

The Directors of the United Empire Bank will form an Advisory Board for Ontario of the Union Bank similar to the Advisory Board at Winnipeg for the Western Provinces, which has worked out so satisfactorily.

RHEUMATISM

Cured by Booth's Kidney Pills. T. E. Foster of St. Fredericton, N. B. says: I have found more actual relief from Booth's Kidney Pills than in all else I have ever tried for rheumatism. The pains in my limbs

have lessened greatly and I am better and stronger than in years previous. My appetite has been built up and I eat and sleep better than I have in over three years. My general health is greatly improved and I can credit this to Booth's Kidney Pills.

This is the Booth's Kidney Pill way.

These wonderful Pills are sold under a guarantee to refund your money if they fail to relieve any sufferer from Rheumatism or any trouble having its origin in the Kidneys. They cure Backache, dull shooting pains, thick and cloudy urine, gravel and stone, rheumatism, all dull aches of the kidneys and bladder.

Booth's Kidney Pills are sold by all druggists and dealers, 5th. box, or postpaid from T. E. Booth, C. O. Ltd., Fort Erie, Ont. Sold and guaranteed by O. L. Reinecke.

Ever go elephant-shooting with a popgun or "advertising" real estate with a placard?

Subscribe for the Review before Feb 1st, and get it for one dollar.

Mr. J. E. Bevan of Chester, Montana was here for a few days on a business trip.

After the carnival Wednesday last Mrs. Moir was the hostess at a jolly party.

Mr. James McKinney was in Calgary for a couple of days this week on business.

Mr. and Mrs. Holdenberg of New York and Mrs. Fodd of Nanton are visiting with Mr. and Mrs. Vandem this week.

There will be a meeting for men in the V. M. A. Sunday afternoon when questions of considerable interest will be decided.

The cattle which Mr. Lewis sold mentioned in last week's paper were sold to the Pacific coast people through Mr. D. P. Williams and not directed as stated.

At the annual meeting of Northern Light school district Mr. A. King was re-elected trustee and with W. H. Quail and D. P. Sibley will make up the board. The new school is built and the need now is a teacher.

The convention of Farmers to be held here to discuss the appointing of a representative to the convention to nominate a candidate for president if legislation will be passed to that effect.

Mr. O. J. Berg representing the Five Mile school district and Mr. T. C. Larsen the Clareholm View district left on Tuesday for Wetaskiwin to attend the annual convention of public school trustees for the province.

At the annual meeting of the Mount Pleasant school district on Monday Mr. Alice Bell was elected a trustee to succeed Mr. G. G. H. He with D. A. McKinnon and R. G. Bieset will compose the B.H.I. board. The school has excellent teacher in Miss McEachen.

The Clareholm branch of the United Farmers of Alberta have decided on February 14th as the date of the proposed social and dance. It will be held in the I. O. O. F. hall. Clareholm will consist of a program in the afternoon followed by a supper to conclude in the evening with a dinner.

The Franklin dramatic society will be presenting to the people of Clareholm and district Thursday Feb 16th. The plays "Uncle Will" and "Too Much Married" will be presented. As the profits are to go to the Agricultural society to form the nucleus of a fire brigade there is a promise that a goodly crowd will be present. Those who were at the play put on by this society last year will remember the big success it had.

A. E. Quayle, president of the Carmangay board of trade; James McNaughton, chairman of the village council; and Mr. Harmon, president of the Agricultural society interviewed Malcolm McKenzie M. P. P. for the location of one of the proposed provincial demonstration farms near Carmangay. They represented that the farming conditions around Carmangay are representative of conditions throughout the South. They also made a number of other requests affecting their town. Carmangay business men are after all that is to be got.

The town councillors and members of the fire brigade held an informal meeting at the fire hall and the needs of the town were fully discussed along the line of improved facilities for fire fighting. Chief Boniface and his men had a number of recommendations and among them was a suggestion that the fire alarm is still a decidedly lamentable failure. The alarm is not loud enough to awaken people to the danger. The councillors are going to try and improve it and also have a bell in the hall which will be operated from the telephone central if arrangements can be made. Getting to the fire early and staying means much and the fire brigade are going to give the town a good service. Other questions were talked over and as a result of the conference the councillors now understand much better than before the needs and the workings of the brigades.

Born - On Tuesday January 24th, to Mr. and Mrs. M. Fredericson a daughter.

The newspaper world is again appealing to the growing number of Macleod and the last issue is a Saturday morning issue from the office of the Advertiser named Town Topics and edited by Mr. Pember. It is designed to give the people something more breezy than the static chronicling of Mr. Pender being a veteran jockey and Mr. Peeler being a veteran baseball player has the right slant to his pen to give the people what they want. There is always something doing in Macleod especially in municipal circles and Town Topics has a rich field for spicy comment.

The fire whistle and the bell between them awakened those who were not too soundly asleep Saturday midnight and a blaze visible from the hill above the town was seen in a small house in connection with the Knob hill wells was on fire. A number of the brigade, and near by citizens, rushed to the scene and succeeded in confining the fire to the building in which it started. How it started is a mystery. There was a small electric motor which was connected to the building during the day but it did not burn out. It is not known if there was any short circuiting. It seems funny that the blaze should break out hours after the men working there had left. There is a suggestion that defective wiring may have caused it but there is no proof of that. The small electric motor was connected to a water tank which was destined together with some shafting. Alfred McAllister who was working on the tank lost about \$2 worth of tools. Chief Boniface had the misfortune to step on a nail which penetrated his left foot inflicting a nasty injury.

The town council met Thursday last and transacted a lot of business with lantern light while a broken spring was being restored at the station. The new station was sold to A. E. Bieset and Co., Toronto, for \$600 and accrued interest was paid off in Clareholm with out cost. Considering the market this is an excellent sale. The resignation of Englebert Bryan was accepted and a number of applications for the position was read. That of Mr. J. E. Bevan was accepted and will be accepted providing certain additional information is forthcoming. F. Vansker was given the contract of doing the scavenging work and the price for doing so is to be arranged between customer and contractor. Mr. Bevan appeared to be quite satisfied with the charges for installing the high pressure pipe for installing the high pressure pipe and succeeded in having the bill settled to \$25 if paid at once. Mr. Bevan is one of several who was up against the proposition that no one could install wiring and fixtures except civic employees. Others who were silly enough to go in for the wiring, then installed, to get out had to pay the piping. A resolution was passed regarding the construction of the Ottawa and Georgian bay canal, and will be sent on to help show that the west is not opposed to this great public work being carried out. There was a discussion on the efficiency of the police force and the police were found to be less or less unaccomplished than the present.

Insurance Paid Promptly

Some time ago Mr. T. W. Nowlin lost his valuable stallion "Penal" by death and having it insured in the British Empire Insurance Company for \$1000 paid him in his claim which was immediately honored and payment made the same day. Mr. T. W. Nowlin, J. W. James. The British Empire Insurance Co. is capitalized at \$250,000 and is the successor to the British American line stock association Ltd. The prompt recognition of claims and the splendid terms given is making it a popular company with farmers.

The stock of stock in the British Empire Insurance Co. is capitalized at \$100,000 and have this date received through Chas. W. James their local representative at Clareholm, settled in full.

Dated at Clareholm, Alta., this 14th day of January, 1911.

JAS. CLARK CO

We have just opened our Spring Stock of

The Famous BIAS CORSET

With WYRBONE Filling.

LISSTEN!

Our Mothers wore corsets with the best of Arctic whale bone for stiffening.

Their Daughters, most of them, cannot wear corsets with whalebone because it costs \$15,000 per ton and hard to get at that.

Imitations and experiments followed close upon the scarcity of bone at what a cost of physical pain and sacrifice of beauty form only women know.

But we have the substitute in WYRBONE.

What is Wyrbone?

WOVEN WIRE in strips, thin, like bone or steel and having a flexibility which permits it to bend as well as steel to the flat side and as well as the best whalebone to the thin edge.

Call and see them.

\$1.25 to \$3.75 per pair.

JAMES CLARK Co.
